

GANAHL LUMBER®

WE ARE MORE.

On the other side of this sheet, you'll see all the product categories we carry — but they don't tell the whole story. What's not there also tells a large part of it: no holiday or seasonal goods, potted plants, appliances, outdoor furniture, or grills — those are the territory of the consumer market. **Everything we carry is for professional contractors and those who make their living in the trades.**

The People at Ganahl

Virtually everyone who works at Ganahl is an owner via our employee stock ownership plan. Their role as owners and investors means your success is ultimately theirs, so we are driven to focus on one goal: **Helping ensure your business is successful and profitable.**

Pit-Stop Order Fulfillment

We borrowed this idea from the auto racing world. If you call in your materials order, we have it ready when you arrive. We track how long it takes you to get in and out, and **we constantly try to shave off seconds and minutes to save you time and money.** We also achieve the shortest delivery lead times possible by maintaining a huge selection and quantities of lumber, building materials, and other specialty items so **you don't have to make multiple stops to stock your job.**

How it Started & How it's Going

It all started in 1884 when two Austrian brothers arrived in Los Angeles and started a lumberyard. Since then, we've thrived, struggled, nearly died, survived, then grew for 50 years. In 1972, Ganahl had two locations with about 35 employees; today, we have 11 locations throughout Orange and Los Angeles counties and the Inland Empire, and we intend to stay put. Everyone in the company lives here, so decisions are made locally — we don't report to anyone outside our market. We believe we owe our success to doing the right thing for contractors and customers right here.

MORE THAN JUST GREAT LUMBER.®

Lumber

Dimension – DF (Green & Dry)
Timbers – Any Size
Pressure Treated
Fire-Retardant
Fencing
